MEN HAIRSTYLES

Delight-Crit
Muhammad

Statement of intent

Aims to provide men(with hair problems) the solutions for hair fall with the help of right hairstyles according to their hair type, scalp type and face shape and with information of right hair products to prevent baldness.

Name and tagline of
Website

StyleHim

Right Hairstyle does matter !

Tone of Language

- Bold
 - Assertive
 - Informative and Supportive
-

Visual Design

Sans Serif typeface

Fonts like Roboto, Raleway .

Cuz they display more simply and clearly on websites.

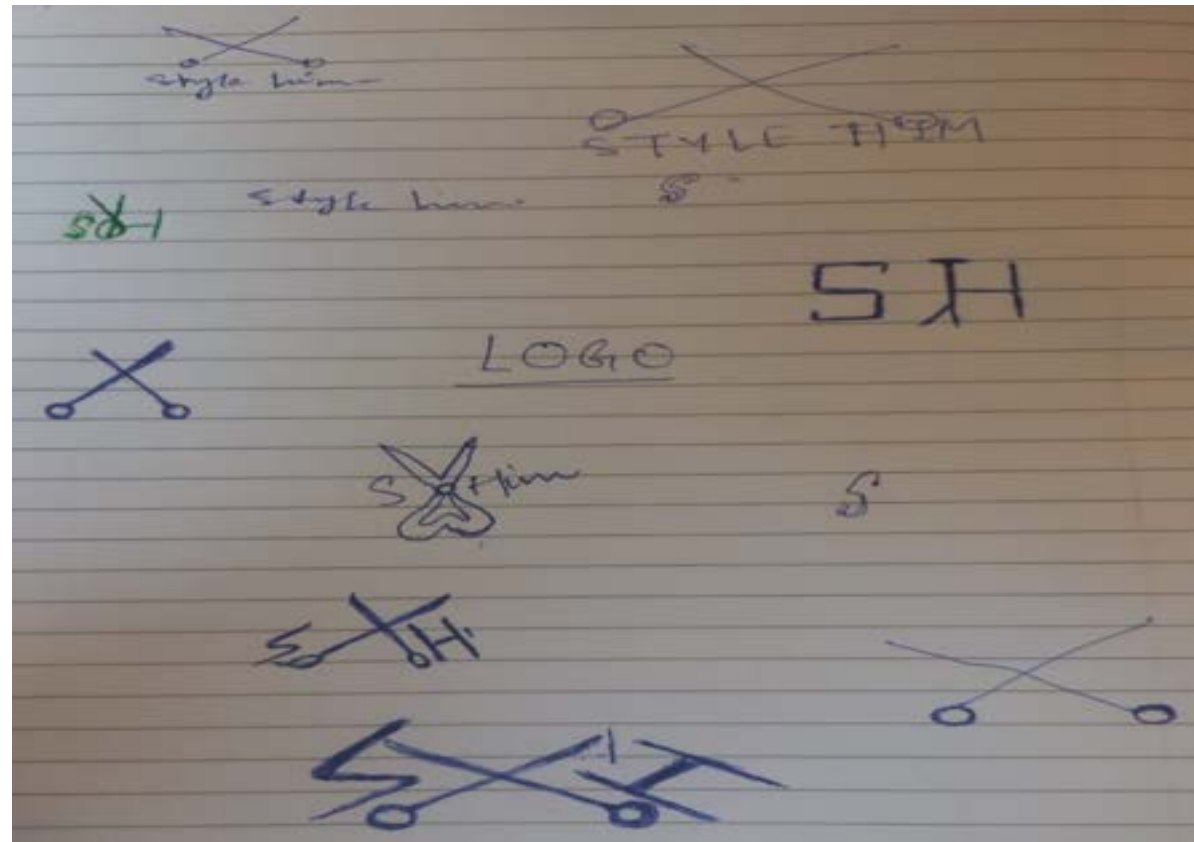

Visual Design

- All gray scale colors and images to support the concept of website.
- Also thought of using images in contrast to text for example could use a few bright colors as well in order to be bold in a few things.
- Will be trying to keep colors and fonts as readable, logical and supportive as possible.
